HOW I STRUCTURE MY TIME

Learning: *either an MIT OCW or a Coursera class*

Reading: staying up to date on the good, the bad, and the ugly of the world

Downtime: Catching up with friends & family

Personal Project: in the process of starting a non-project to teach financial literacy to low-income high school students

Service: volunteering as a mentor or providing pro-bono technical consulting

Working: Designing, developing, and implementing cloud solutions for clients

MY PHILOSOPHY

It doesn't matter where you started or where you are, all that matters is where you're going

MOST PROUD OF

Thinking Outside of the Box
Developing the firms Point of View on *Robotic Process Automation (*RPA) product offerings and implementing the first RPA project in the history of the Peloton Consulting Group

Commitment to Community
Founding Father of the Phi Beta Lambda @ The University of Michigan. Grew the brotherhood from 20 founding members to over 100 strong, with 100% employment within 6 weeks of graduation

Minds Matter Boston - Mentorship
Mentoring an exceptionally bright high school student from a low-income background as she navigates high school and the college application process.
